### Outlast Q8 Log Oil Wood Preservative

Build, heal end-cuts, stain, and preserve your deck all on the same day. An EPA registered wood preservative specifically designed to control decay-causing organisms in log homes, decking, fencing – even pressure treated. It provides unsurpassed water repellency and sheer trans-oxide color with one coat coverage. Unlike traditional surface coatings, Q8 penetrates deep into the log to provide guaranteed protection and guarantees no peeling or cracking.

- Stains and preserves in a single application
- Guaranteed to never crack, chip, or peel
- Repels water, controls rot, mold, and decay
- Toxic to termites and powder post beetles

Part#	Description	Size
YQ8BG1G	Outlast Q8 Log Oil - Barn Gray	Gallon

### NBS 30® Additive - Repels Insects

Designed to deter and inhibit insects from burrowing through or crawling on exterior coatings. For use in residential applications like log homes, decks, and fences.

- Repels nuisance, nesting insects and discourages carpenter ants and carpenter bees from dilling
- Reduces ladybug infestations
- Safe for pets and people, extremely low toxicity
- Will not harm plants
- Mixes easily with both oil and water-based paints and stains
