

AB35 Ridge Vent

AB35 Ridge Vent

Proper ventilation in your ceiling or attic has been known to extend the life of your building and decrease heating and cooling costs. The AB35 Ridge Vent does double-duty as a ridge cap and ventilation system combined.

The heavy-duty system is also completely water-proof with the clear poly rain diverter that also doubles as a small skylight. A steel rain diverter is available upon request.

Available in all of our color options.

Features

- **Sub-straight:** 29 Ga. Galvanized Steel
- **Length:** 10'
- **Width:** 13.5"
- **Ventilation:** 36 square inches of airflow per linear foot.
